EcoTek®

SUSTAINABLE TECHNOLOGY™

SW's patented, environmentally sustainable glove formula. EcoTek is manufactured sustainably and rigorously tested per the ASTM D5526 standard¹. EcoTek is useful for all glove users and industries as it reduces emissions when incinerated.

Discover the positive environmental impact you can achieve with SW gloves. Connect with your local sales manager to explore our EcoTek Calculator today!²

¹ EcoTek gloves tested to ASTM D5526-12 Standard Test Method for Determining Anaerobic Biodegradation of Plastic Materials Under Accelerated Landfill Conditions. Results are 92.6% biodegradation in 60% solids landfill at 945 days. Future results cannot be predicted/extrapolated. If you need more information on the test reports, send email to cs@swssglobal.com.

² This EcoTek sustainability calculator is exclusive to EcoTek's proprietary formula and valid testing results; it cannot be used as a guide or standard for any other products. EcoTek is a proprietary SW® formula that enables nitrile gloves to break down in landfills over a much shorter time than untreated gloves. It is the industry-leading Nitrile treatment without any glove performance loss.
